

KONAMI DIGITAL ENTERTAINMENT CO., LTD

ANNUAL TRANSPARENCY REPORT

Konami Digital Entertainment Co., Ltd. (**Konami, we or us**) is required by Article 15 of the European Union's Digital Services Act (Regulation (EU) 2022/2065, **DSA**) to publish an annual report on any content moderation we have engaged in over the previous year.

This is Konami's first annual transparency report of this type, covering the period 17 February 2024 to 16 February 2025 (**Reporting Period**).

A. Orders received from EU Member State authorities

We are required to state the number of orders received from Member States' authorities including orders issued in accordance with Articles 9 and 10 DSA, categorised by the type of illegal content concerned, the Member State issuing the order, and the median time needed to inform the authority issuing the order, or any other authority specified in the order, of its receipt, and to give effect to the order.

Konami may receive orders from EU Member States, including orders requiring us to act against illegal content on our services or to provide information.

Illegal content

During the Reporting Period we received 0 orders from Member States' authorities regarding illegal content.

Orders to provide information

During the Reporting Period we received 0 orders from Member States' authorities to provide information.

B. Illegal content notices received

We are required to state the number of notices submitted in accordance with Article 16 DSA, categorised by the type of alleged illegal content concerned, the number of notices submitted by trusted flaggers, any action taken pursuant to the notices by differentiating whether the action was taken on the basis of the law or the terms and conditions of the provider, the number of notices processed by using automated means and the median time needed for taking the action.

During the Reporting Period we received 0 notices regarding content which the reporters considered to be illegal.

C. Own-initiative content moderation

We are required to provide meaningful and comprehensible information about the content moderation engaged in at the providers' own initiative, including the use of automated tools, the measures taken to provide training and assistance to persons in charge of content moderation, the number and type of measures taken that affect the availability, visibility and accessibility of information provided by the

recipients of the service and the recipients' ability to provide information through the service, and other related restrictions of the service; the information reported shall be categorised by the type of illegal content or violation of the terms and conditions of the service provider, by the detection method and by the type of restriction applied.

As well as receiving reports and complaints, KDE limits what content can be shared by users in particular by the automatic prohibition on our services of a large number of offensive or discriminatory words in a wide range of languages.

D. Other content-related complaints received

We are required to state the number of complaints received in the Reporting Period through the internal complaint-handling systems in accordance with the provider's terms and conditions.

During the Reporting Period we received 0 complaints through our internal complaints-handling systems about our content moderation decisions in accordance with our terms and conditions.

E. Automated means of content moderation

We are required to give details of any use made of automated means for the purpose of content moderation, including a qualitative description, a specification of the precise purposes, indicators of the accuracy and the possible rate of error of the automated means used in fulfilling those purposes, and any safeguards applied.

We do not use automated means for content moderation.

Date of report: 7 March 2025
